

**Dear CBA South-East members,**

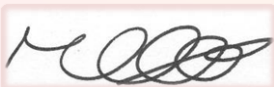

Happy New Year to all and welcome to our latest Newsletter.

I am sure many of you, particularly Kent members, have heard about the awful news regarding the impending closure of Canterbury Museum. As a group we are very much against this move and we urge all our membership to get involved and voice their opposition to what is a dreadful state of play for public engagement with the archaeology and heritage of Canterbury. There are numerous petitions opposing this move, though we personally support the following. Please feel free to show your views by signing it if you so wish at: <https://www.ipetitions.com/petition/save-canterbury-heritage-museum>.

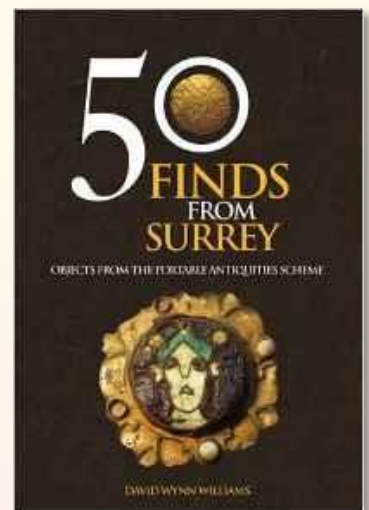

Our two CBASE workshops have been very popular this year so far. The pottery drawing workshop at Leatherhead was completely sold out, and there is limited space remaining on the flint drawing in April. Also, spaces on our upcoming Tours schedule are available to book. The next tour of Bodiam Castle featuring the ongoing medieval graffiti project promises to be a fascinating event.

I would also like to draw your attention to a new book, recently published by Surrey's own Finds Liaison Officer, David Williams, which features a guide and overview of the 50 most exciting finds from Surrey. This is a really stimulating read, which I know will be of interest to many of you.

Best of luck for the year ahead!

Dr Martyn Allen  
*Chair, CBA South-East*
